'To Robert Taff Hurley, of Roslindale, because of his serious and successful application to study, because of his loyalty to the school and because of his improvement as a boy and as a scholar.

'To Lewis Brent Kuhnle, of Boxford, who is distinguished among the underclassmen and among the day students for his high scholastic record.

'To John Henry Dyer, of Newburyport, and Joseph Wild Pearson, Jr. of Schenectady, New York, two seniors deserving of special commendation for different reasons. One a day student, the other a boarding student, it is nevertheless fitting to award these two boys prizes together, because their rivalry for the same position on the football team last fall resulted in their forming a close and worth while friendship'.

REVEREND WALLACE W. ANDERSON GIVES BACCALAUREATE ADDRESS

On Sunday, June 4, the Reverend Wallace W. Anderson of the State Street Congregational Church of Portland, Maine, addressed the Senior Class at the Baccalaureate Service held in Adelynrood Chapel.

The Reverend Glenn Tilley Morse of West Newbury conducted the service of prayer and read from the Scripture.

Although modern life is full of changes of bewildering suddenness, Mr. Anderson said that there are basic needs which remain the same. Men still know the enrichment which comes from friendship, love and loyalty. They must know, too, that the laws of the moral and spiritual world can be broken with no less impunity than those of physical nature.

Pointing out that men must as St. Paul said "approve themselves in necessity", Mr. Anderson spoke of three inescapable needs of life. The need of personal recognition, a desire for adventure, and a search for security motivate every action. It becomes man's best nature to lift these needs to high planes, to care for God's judgment, to seek adventure in human understanding and harmony in the spiritual order.

Following the service, a tea was held for Seniors and their guests in the New Building.

WILLIAM S. JOHNSON, '32 AWARDED ALUMNI PRIZE AT REUNION

At the evening meeting attended by boys, faculty and alumni on Alumni Day, May 20th, Mr. Eames presented for the first time an Alumni Prize. The Alumni Prize is to be awarded annually "to a recent graduate of the school who, because of his record subsequent to graduation, deserves extraordinary commendation." The winner of the prize was selected by a committee of masters who have been members of the faculty for at least five years. The Alumni Prize awarded was an official school chair, similar to those school chairs now in use in the New Building. These chairs are exact copies of an old chair of colonial design. The prize chair will carry a brass plate, upon which will be inscribed the name of the winner, the date of presentation and a brief description of the award.

The Alumni Prize this year was awarded to William S. Johnson of the Class of 1932. Johnson graduated from Amherst College in 1936, where he was elected a member of Phi Beta Kappa in his junior year. Following graduation Johnson served as instructor in Chemistry at Amherst College for one year and then was awarded by Amherst a Simpson Fellowship which has enabled him to pursue graduate study in Chemistry at Harvard, where he is now doing research work. Johnson expects to receive his doctor's degree in Chemistry at Harvard this June.

GOVERNOR DUMMER CHAPTER OF CUM LAUDE INITIATES FOUR

The Governor Dummer Chapter of Cum Laude Society held its annual installation at the school on May 30. The new members of the society are Hugh Byfield, Miles Cristman, Adrian Hasse, and Macomber Lord. Election is on the basis of high scholarship.

Also attending the meeting were the Rev. Glenn Tilley Morse, Clyde Cristman '34, Dr. Andrew Longacre and Mr. George Major of the Exeter faculty and Mr. Eric Starbuck of the Brooks School.

Vespers

May 7: The Reverend Tertius Van Dyke, Headmaster of the Gunnery School, Washington, Connecticut.

May 14: The Reverend Russell Sturgis Hubbard of St. Martin's Church, Providence, Rhode Island.

May 21: Dr. Julius Seelye Bixler, Professor of Theology at Harvard University.

May 28: The Reverend Frederic B. Kellogg of Christ Church, Cambridge.

June 4: The Reverend Richard A. Cartmell of Ascension Memorial Church, Ipswich.

Few of us have an accurate idea of a real man. Mr. Van Dyke attempted to correct this fault by presenting David as his ideal man.

David, the youngest of seven sons, was forced to stay home to watch the sheep, while his elder brothers went to war against the Philistines. When David went to the Israelite camp, he found Goliath taunting the Israelites. Abashed at their cowardice, David, armed only with his sling, slew Goliath.

By doing tasks he did not like, David was preparing for his great task. As a shepherd he learned to use a sling with deadly accuracy.

David did not care for show. When he realized that Saul's armor was too heavy he took it off.

David was persistent. He did not take one stone but many; if he missed the first time he could try a second and a third time until he succeeded.

* * *

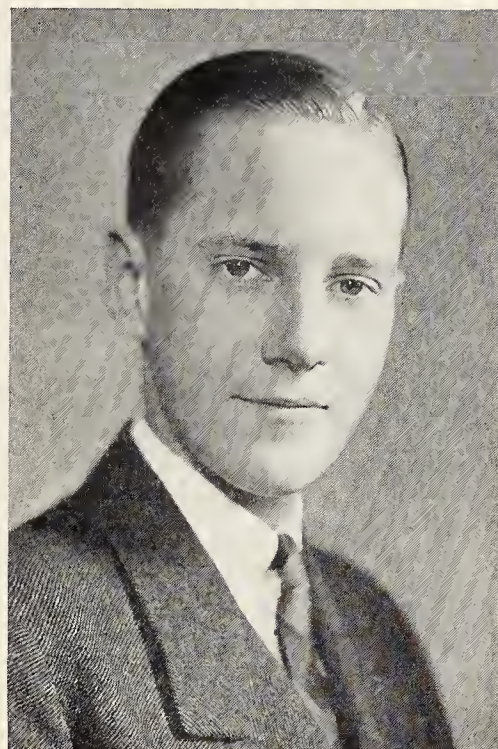

All around us we see evidences of God. We see the real, physical objects and underneath these we can sense the spiritual values.

In discussing the ways men had found to perceive values, Dr. Hubbard spoke of two methods of thought. One is the Greek method which uses abstract words in such a manner that they isolate the meaning. The other method is that of the Hebrews who used parables to show the meaning through association with familiar objects and experiences.

Dr. Hubbard then spoke of the life of Jesus as a parable, the story of God. He brought God into common every-day experience. He taught through his example the great significance of making a heaven on earth of commonplace things.

Dr. Bixler gave a series of impressions based upon his recent travel in Europe which

EDITORIAL

Today, with the graduation of the 176th class from Governor Dummer Academy, the group of boys who are gathered together for these exercises, meet as a unit perhaps for the last time. All of us have formed friends throughout school years together and the thought is a sober one when we think how distance and time may separate us. Sadness, however, is mingled with happier feelings, for graduation marks a success and for seniors the commencement of a new chapter in life.

Inevitably we look back upon the year and its accomplishments and have a deep sense of pride in the milestones which have been passed to make this year an outstanding one in the school's long history.

This year marks a notable one in the Academy's enrollment which has now increased to one hundred and fifty boys and we are members of the largest Senior Class in the history of over a century and three quarters of commencements.

We have seen many additions to the school's equipment throughout the year which increase its scope in many ways; there have been precedents and records established of which we can be rightfully proud. The machine shop has

been brought to a stage of completion and already has wheels turning. The newly acquired Whipple Field has been used for the first time for organized athletics and the Senior Class has initiated a fund which will aid to put the whole field in better shape for succeeding years. The Glee Club has broadcasted from coast to coast and has had an outstanding season. The track team has won its laurels by breaking a number of records and establishing one of its own as the best that the school has produced.

These things are outward signs of success and progress; the whole school can look back upon them with inner satisfaction and more especially so the Seniors who rejoice today to be strong in their affection and loyalty to their school.

"Fuzzy" Babineau was in expert charge of the charcoal stove and kept more than busy appeasing about ninety healthy appetites. A game of soft ball was organized and a few adventurous members took dips in the ocean.

The caravan of picnickers returned to the school in time to attend the Saturday movies.

ANDOVER LACROSSE TEAM SCORES 11-6 VICTORY OVER GOVERNORS

On May 18, the Andover lacrosse team outplayed the Governors by a score of 11 to 6. From the very first whistle the strong Andover aggregation dominated the play. Thirty seconds after the face-off, Andover scored its first goal which was soon duplicated.

As the second period progressed, the Governors showed more aggressiveness but were unable to stop two more opponent's goals. At the end of the period Capt. Lyle and Pearson managed to score for the Governors. Andover scored six goals in the third period, although the Red team showed a scrappy come-back in the final stretch, scoring three goals to Andover's one. Capt. Lyle, Pearson, and Eshelman were each credited with two goals.

ANDOVER NINE VICTORIOUS BY TWO ELEVENTH INNING RUNS

On Saturday, May 6, Phillips Andover Academy, gleaned two runs in the eleventh inning to come out on the long end of a three to one score. Errors accounted for the two runs in the last inning, and thus spoiled Johnny Koslowski's splendid record of allowing only two hits for the entire game.

In the first inning Frank Collins hit a home run along the first base line.

Although the game was marked with costly errors, it was one of the best from a spectator point of view which has been played here in some time. Chuck Goodrich played a very fine game in the field and caught some hard-hit flys. He also got one of the Governors' four hits which was a beautiful drive between second base and center field.

The team as a unit looked as if it unquestionably knew its game. Don Mortimer did an excellent job on first base and Clarence Pickard did a splendid receiving job for Johnny Koslowski.

GOVERNORS DOWN THAYER NINE IN 13-5 BASEBALL VICTORY

On Wednesday, May 10, the Governors defeated the Thayer Academy baseball nine, 13 to 5.

The Governors got the first run in the second inning. Pierce walked, advanced on an infield out and a wild pitch, then scored on an error. Three runs were scored in the third on a ringing single by Ben Pierce. Gordon Tooley, pitching for the Governors, then lost control and was replaced by Roger Shaheen.

John Koslowski in the fifth inning laced a triple into deep right field and then scored on a perfectly executed squeeze play by Miles Cristman. In the sixth inning the Governors scored six runs and put the game on ice.

Shaheen's effective pitching, Koslowski's fine hitting and fielding, as well as Captain Donoghue's two singles were features of the team's performance.

LACROSSE TEAM LOSES HARVARD AND N. H. FRESHMEN GAMES

On May 6 the lacrosse team was outplayed 10 to 2 by a much more practiced and abler team of New Hampshire State freshmen. Captain Lyle scored a quick goal in the first period and again chalked up a mark for the Governors in the third.

On May 10 the Governors were more powerful opponents for the Harvard Freshmen lacrosse team, but were downed by a score of 4 to 3. John Eshelman scored in the opening quarter. Captain Lyle scored in the second and third period but the Governors were unable to gain on Harvard's lead in the final period.

VICTORIOUS MILTON TRACK MEET SEES NEW SCHOOL RECORDS MADE

The Governors' track team continued its undefeated season on May 27 with a 54 to 36 win over Milton Academy at Milton. The meet was not only the first Academy defeat of Milton but was outstanding for the records set by Clark Young and Fred Greene who broke their own school records made in the Kimball Union competition in the low hurdles and the mile run respectively.

Bill Cochran turned in the surprise performance of the day by tying the school record in the pole-vault when he cleared the bar at 10 ft. 6 in. Dave Caldwell also equalled the school record in the 440-yard dash.

100-yard dash: Won by Whittier (M); second, Gilford (M); third, Huggins (G). Time 10.8 sec.

GOLF TEAM WINS OVER THAYER

On Wednesday, May 10, the school golf team defeated Thayer Academy 9 to 0 in a home match, played on the Ould Newbury course. Tom Parker defeated Condrick of Thayer 4 and 3. Captain Davy and Wendell Sargent won one point each for the team and Don Kelsey, Jim Dodge, and Alex Murchie scored two points each.

The whole team played fine golf, and there was never any doubt as to the outcome of the match.

MALDEN HIGH DEFEATS GOLF TEAM

On Saturday May 6, the golf team was defeated by Malden High, 5 to 4. Although Tom Parker and Wendell Sargent both had fine scores, they managed to take only one point from their opponents. Alex Murchie and Jim Dodge scored three points.

KIMBALL UNION ACADEMY TAKES BASEBALL GAME, 2 - 0

In a closely fought game with Kimball Union Academy on May 20 the Governors baseball nine dropped a hard-pitched battle by a score of 2 to 0.

There were several times when the Governors could have won the ball game with a good single. Men were on bases but the hits failed to come through at the crucial moments. Sawyer of Kimball Union should be credited for his excellent pitching throughout the game.

The Governors gleaned only four hits, one by Captain Donoghue, two by Pickard, and a triple by Johnny Koslowski. Don Mortimer played an exceptionally fine game at first base backed up by the good fielding of the inner circuit.

GOVERNOR DUMMER SAILORS PLACE IN M. I. T. REGATTA

Jack Miller and Bill Torrey represented Governor Dummer Academy in the inaugural of interscholastic dinghy racing held in Cambridge on Wednesday, May 17, under the auspices of the M. I. T. Sailing Association and sponsored by Proctor Academy of Andover, N. H. Thirty-nine New England preparatory schools were represented, each school having a crew of two.

Twelve fast Herreshoff dinghies were furnished by the M. I. T. Yacht Club and six races were held. The championship division was determined after the first two races and the remaining boats were divided into three consolation divisions. Miller and Torrey finished in the final position of third place behind Andover and Derby Academies in the first consolation division.

GOVERNOR DUMMER TO ENTER INTERSCHOLASTIC REGATTA

At the regatta to be held at the Beverly Yacht Club, Marion, Mass. from June 26 to 30, the school will be represented in the races by Harrison Poole, John Lyman, Robert Nutter, Henry Payson, and William Torrey.

The regatta is sponsored by the Interscholastic Yacht Racing Association.

Buzzards Bay type 15 ft. Herreshoff Knockabouts will be the boats used in competition for the Mallory Trophy.

LACROSSE TEAM LOSES GAME, 8-6 IN CLOSE DEERFIELD CONTEST

On May 24, the Deerfield Academy lacrosse team journeyed to South Byfield to eke out a victory over a scrappy Governor Dummer team by the score of 8 to 6.

Deerfield sank two goals in the first seven minutes of play which was followed by a goal by Sheffield for the Governors. Lyle and Sheffield both scored against two Deerfield goals in the second period. The Governors seemed to gain strength as the game progressed and the tallies alternated closely, but although they managed to dominate the play in the fourth period the team was not able to even up the score against Deerfield's lead.

GOLFERS LOSE TO ANDOVER TEAM

On Saturday, May 13, the Governor Dummer golf team lost to Andover, 8 to 1. James Dodge and Alexander Murchie, playing number 3 and 4 positions respectively picked up the only point for the Governors.

BASEBALL TEAM SCORES 1-0 VICTORY OVER MOSES BROWN

The baseball team defeated Moses Brown at South Byfield on May 27 by a score of 1 to 0 in a game which redeemed last year's 3 to 2 loss to the Providence rivals.

John Koslowski starred for the Governors, striking out ten men and allowing only two hits.

The Academy nine scored the winning run in the sixth inning when Ted Munro hit out a bunt for a single and scored when Pickard laced a single into right field.

The team supported Koslowski very well, especially Don Mortimer who got two clean singles.

VESPERS

(Continued from Page 7)

aimed to set forth the state of mind which various individuals have in the countries which he visited.

We know what the rulers of Europe think, but we do not know what the people themselves think. Dr. Bixler gave numerous illustrations of the kindness and of the common humanity of Germans, Swiss, Arabs, and Jews.

A large number of Germans are against Hitler; however, they condemn our hypocritical attitude in saying that we object to the use of force when we have used it ourselves. The Nazi movement is a blind rebellion against the treatment of Germany after the World War. From his observation large percentages of the German and Italian peoples are against their government's treatment of the Jews. His talk implied more faith in the humanity of European peoples than rests in popular current opinion.

* * *

Dr. Kellogg spoke of the increasing realization of the need of Christianity in present times, quoting from President Roosevelt, Walter Lippmann, and Dorothy Thompson to give examples of modern thinkers' interest in the importance of religion.

Religion is not an added problem but an answer to existing problems. The great issues of evil, guilt and forgiveness, death, and the purpose of life can only find their solutions in the religious approach to life. Concern for the spirit alone can keep the spirit alive and keep us from staleness and shallowness in living which is really worse than flagrant sinning. Life demands every-day heroisms and man needs spiritual strength to perform them.

* * *

Mr. Cartmell at the last Vespers service of the year spoke of the qualities of openmindedness, illustrating his talk with the experiences of the Connecticut Yankee who found his miraculous adventure in King Arthur's court fraught with difficulty because the people were prone to remain in their beloved ruts. Men show the same traits today. Religious leaders not only combat ignorance but the emotional state of those who do not want to see the truth. Openmindedness, said Mr. Cartmell, is needed in this present world of intolerance and religion is one of the greatest factors making for openmindedness and for true liberty.

Miss Kathleen Jones, former member of the Massachusetts State Library Department, spoke to the Library Council on Saturday morning, May 20. She gave an interesting talk on her experience in assisting schools to improve their libraries, and spoke of her work with prison libraries and of the ways in which students can interest each other in reading worthwhile current books.

* * *

Mr. Eames spoke Sunday morning, May 21, at the Congregational Church in Ipswich at the regular service, which the Congregational Men's Club of the Church attended in a body.

* * *

Mr. Dana Allen, former master at the Academy, has proudly announced that he is the father of a son born on May 3. Mr. Allen is now teaching at the Haverford School.

Mr. and Mrs. James Duncan Phillips were hosts on Sunday afternoon, May 28, to members of the Library Council, Mr. and Mrs. Kirk and Mr. Freiday. Mr. Phillips showed the group many interesting old books and examples of good printing from his personal library and allowed the bibliophiles a browsing holiday through his fine collection.

On Sunday, May 21, a group of eight boys went to Portland to play at a piano recital given at the home of their teacher, Mrs. Rupert Neily. The boys were dinner guests of Mr. and Mrs. Neily. The recital began at three o'clock and lasted an hour and a half, after which tea was served. The recital group from school included: Hugh Byfield, John Dunlap, Norman Fox, John Hastings, James Quirk, Wendell Sargent, Philip Simpson, and George Simson.
